

## Nine Past Seven Commute Train

Text och musik: Elvshand

Nine past seven commute train  
Nine past seven commute train  
Nine past seven commute train - here I come

...Every morning take the train to work  
Looking forward meeting everyone that's there.  
Meet a lot of people that are happy to see me  
(there's) nothing strange about that. There's...

Tom and Dick and Harry, I can see that they are smiling  
Everyone is - as happy as me  
But I do not stop, until I come to the place where I see Denise  
Denise please, is that seat for me?

Nine past seven commute train  
Nine past seven commute train  
Nine past seven commute train - here we come

When I see Denise my heart goes boom, boom, boom  
I feel so happy, just to be around.  
I know the people that's around us get the feeling  
when they see you, you're the sunshine of our lives.

Blås-instrument parti

When I get to work I see you're standing in the doorway,  
waving with your hand, so cheerfully  
Your beautiful smile gives me the best of feelings, oh  
Arta, my heart 'a', here I come

Most say it feels like I am in a dream  
whenever you are around  
Everyone at the office look so happy when they see you  
You are the sunshine of our lives.

My heart goes - boom, boom, boom  
I mean boom, boom, boom  
whenever you are around  
Boom, boom, boom - I say - boom, boom, boom  
whenever you are around!
